Guest Speaker

Attorney General Roy Cooper Candidate for Governor of North Carolina

Your contribution will help elect candidates who value and protect our environment and who support the fight against seismic testing and offshore oil drilling.

North Carolina coastal waters, watersheds and aquifers are at risk as long as the current majority in the NC General Assembly shapes laws governing our natural resources and our remaining wildlife habitat. Your contribution to the NC Sierra Club PAC shows your support for a sustainable balance between economic development and environmental protection.

If you need more information, contact the Croatan Sierra Club at croatangroupsierraclub@gmail.com,. Make your donation online, attending or not.
